AGENCY BROCHURE 2026

WEBSITES LIVE IN

5–7 days

01 – THE AGENCY

Crode Tech builds fast, modern, interactive websites for clinics, local businesses and startups.

Crode Tech is a forward-thinking digital design and web development agency driven by a passion for technical excellence and modern web experiences. Founded on the principle of making high-quality, high-performing websites accessible to businesses of all sizes, Crode Tech bridges the gap between clean engineering and aesthetic visual design.

Whether helping local healthcare clinics digitize their appointment process, building platform portals for creative communities, or crafting high-converting landing pages for startups, Crode Tech combines hands-on collaboration with fast turnaround times. The agency prides itself on close client partnerships, end-to-end transparency, and delivering scalable solutions tailored to each client's unique brand story.

02 – FOUNDING LEADERSHIP

Meet the founders.

01

SM

CO-FOUNDER & LEAD DEVELOPER

Mr. Shivam Mishra

Leads technical architecture, frontend/backend engineering, performance optimization, and custom application development.

02

RD

CO-FOUNDER & CHIEF FINANCIAL OFFICER (CFO)

Mr. Ritwik Debroy

Oversees strategic business growth, financial planning, client operations, and service management.

03 – WHY CRODE TECH

Speed, reach and care.

01	High Performance & Speed	Custom-tailored builds designed for fast load times, clean code standards, and seamless user experiences.
02	100% Mobile Responsive	Fluid responsive designs optimized across desktop, tablet, and mobile breakpoints.
03	Agile & Flexible Process	Rapid project completion (typically within 5–7 days) featuring structured client revision cycles.
04	End-to-End Solutions	Comprehensive service coverage spanning initial wireframes, UI/UX graphic design, full-stack development, content preparation guidance, and post-launch maintenance.

04 – SERVICES

What we build, end to end.

Design, development and post-launch care – all in one place.

01

Custom Web Design & Frontend Development

Crafting high-converting interactive UI elements, smooth animations, and tailored responsive layouts.

02

Full-Stack Development & CMS Integration

Designing multi-page business platforms, dynamic web applications, and integrated database systems.

03

Website Redesign & Graphic Assets

Refreshing existing brand interfaces, UI/UX polish, and customized digital marketing graphics.

04

Client Resources & Onboarding

Providing guided project prep documentation (e.g., Website Content Guide for Clinics), structured asset checklists, and post-launch maintenance resources.

BUILD – WHAT GOES INTO IT

- Fully responsive
- Custom animations
- Interactive forms
- Built for high conversions
- Multi-page CMS
- Dental / clinic booking systems
- Dedicated support

CARE – WHAT KEEPS IT RUNNING

- Domain & hosting renewal
- SSL certificate
- Content updates
- Regular backups
- Priority support
- Performance checks

05 – TECHNOLOGY STACK

Modern tools, clean code.

The technology stack and capabilities behind every build.

01
FRONTEND

- HTML5
- CSS3
- Tailwind CSS
- JavaScript
- Interactive UI frameworks

02
BACKEND & STACK SOLUTIONS

- Full-stack JavaScript / Node setups
- Custom API integrations for scheduling / forms

03
TOOLING & DESIGN

- Browser-based frontend tools
- Performance optimization utilities
- SSL / domain infrastructure support

06 – PORTFOLIO & KEY DELIVERABLES

Delivered across industries.

Live web applications and digital platforms, launched for very different clients.

01 E.G. DEBROY DENTAL CLINIC

Healthcare & Clinics

Full-stack responsive platforms featuring integrated appointment booking systems, service showcases, and doctor profiles.

02 E.G. STREETS OF TRIPURA

08 – PROCESS

From first chat to live in 5–7 days.

01

Say hello

Chat on WhatsApp or send an enquiry with your project type and details. We reply fast.

02

Share your requirements

Submit your requirements and consult the team on project scope, right from the contact form, WhatsApp or email.

03

Prepare your content

Use our guided project prep documents and structured asset checklists so we can start smoothly.

04

We build

A 5–7 day turnaround. Fully responsive on every screen, with free revisions along the way.

05

Live & cared for

Your site goes live with SSL and domain support, backed by post-launch maintenance: content updates, backups and performance checks.

09 – CLIENT RESOURCES

Website Content Guide for Clinics

What to prepare before we start:

- ☑ Doctor profiles
- ☑ Timings
- ☑ Booking details
- ☑ Services
- ☑ Photos
